

## **William M. Andrews Jr.**

Research Geologist and Section Head (Geologic Mapping), Kentucky Geological Survey  
University of Kentucky; Lexington, Kentucky  
Curriculum Vitae, September 2009

## Contact Information

William M. Andrews Jr.  
Geologist, Kentucky Geological Survey  
228 Mining and Mineral resources Building  
University of Kentucky  
Lexington, KY 40506-0107  
Phone: 859-323-0506  
Email: [wandrews@uky.edu](mailto:wandrews@uky.edu)

## **Education**

1993, B.S., Geological Sciences, University of Kentucky, Lexington, Ky.

1993-94, graduate study, Geology, Duke University, Durham, NC.

1997, M.S., Geological Sciences, University of Kentucky, Lexington, Ky. Thesis title: "Structural control on the origin and nature of the Brassfield Formation (Lower Silurian) west of the Cincinnati Arch, Kentucky"

2004, Ph.D., Geological Sciences, University of Kentucky, Lexington, Ky. Dissertation title: "Geological controls on Plio-Pleistocene drainage evolution of the Kentucky River in central Kentucky"

## **Professional Registration**

Kentucky Registered Professional Geologist #2262

## **Current Employment**

Section Head, Geologic Mapping Section, Kentucky Geological Survey  
Primary responsibility is oversight of Quaternary mapping and geomorphology projects for USGS StateMap grant including management and supervision of project personnel.

Other interests and activities include physiography, landforms, soils, and landscapes; fluvial erosion and geomorphology; geological and geomorphic context of archaeological sites; application of GIS technology and spatial analysis techniques to solve geological problems; impact of geology on human history and society; communicating geologic information to land-use planners and other non-geological audiences; historic mineral industries (esp. salt, iron and coal).

Past activities include coal resource assessment, coal stratigraphy and sedimentology, coal quality and petrology.

## **Funding/Fiscal Management**

2000-2001

Coal Availability Program (U.S. Geological Survey): \$100,000, PI

2001-2002

Coal Availability Program (U.S. Geological Survey): \$50,000, PI

## Geomorphic context of archaeological sites, Boone County (Kentucky Archaeological Survey): \$5,000, PI

2002-2003

Coal Availability Program (U.S. Geological Survey): \$70,000, co-PI

2003-2004

Coal Availability Program (U.S. Geological Survey): \$35,000, co-PI

For more information about the study, please contact Dr. John P. Morrissey at (212) 305-2500 or via email at [john.morrissey@nyu.edu](mailto:john.morrissey@nyu.edu).

- Prototype Land-use Map for Landslides, Landslide Hazards Program (U.S. Geological Survey): \$10,400, PI  
2007-2008
- Surficial Mapping Project, StateMap Program (U.S. Geological Survey): \$234,000, PI  
2008-2009
- Surficial Mapping Project, StateMap Program (U.S. Geological Survey): \$215,000, PI  
2009-2010
- Surficial Mapping Project, StateMap Program (U.S. Geological Survey): \$208, 000, PI

## **Teaching activities**

- Adjunct Assistant Professor, Department of Geography, University of Kentucky (adjunct graduate faculty)
- Instructor and coordinator, Review of Practical Geology, workshop for geologists preparing for professional licensure exams, 2000 to 2005.
- Instructor and adjunct faculty, Georgetown College, taught General Geology course for Environmental Science majors and non-major undergraduates, 1997 to 2000.
- Instructor, University of Kentucky, Environmental Geology, May 1996
- Instructor, University of Kentucky, Historical Geology and lab, Spring 1995
- Teaching Assistant, University of Kentucky, Physical Geology (for education majors), Fall 1995

## **Professional Organizations**

- Geological Society of America  
Kentucky Society of Professional Geologists

## **Professional Outreach**

- Governor's Geographic Information Advisory Council (GIAC); Sept 2009-2013  
Kentucky Emergency Management GIS response Team; in development

## **Publications**
