Title/Program

Graduate School requirements for committee composition:

- (1) All members of committees shall hold Graduate Faculty status (Full, Associate, or Auxiliary).
- (2) A majority of the committee members must be appointed in the Department of Earth and Environmental Sciences (as regular or adjunct faculty).
- (3) Each MS committee must have at least three members.
- (4) At least one member of the MS committee must be a Full Member of Graduate Faculty (this usually means a Professor or Associate Professor).
- (5) Each PhD committee must have at least four members.
- (6) Each PhD committee must have at least one member from a department other than Earth and Environmental Sciences.
- (7) A majority of each PhD committee must be Full Members of Graduate Faculty.
